

Bombardier Challenger 604

The Bombardier Challenger 604 is an elegant aircraft with a comfortable widebody cabin. The 604 is a long-distance performer that can provide single legs of up to 3,800 nautical miles, and also has the ability to handle short-range missions around New Zealand and the Pacific Rim. The aircraft has had a major airframe and avionics upgrade in 2020, including a recent interior refurbishment with elegant cherry wood cabinetry. The aircraft has a spacious cabin, with a forward four place club group configuration and a four place berthable divan across two opposing club seats in the rear. A large forward wet galley with microwave, coffee machine and ice boxes, as well as the spacious aft lavatory and LCD screens, provide all the amenities needed for a comfortable and luxurious journey.
